## The Concept of Original Sin & Personal Sin - IV

Text: Col. 2:14; Ez. 11:19; Ez. 36:26

In the spirit of man, there's no human nature; it is either God's nature or satan's nature. When Adam was created by God and He breathed the breath of life into him to become a living soul, that breath of life was God's nature. However, when Adam committed original sin, he took on the nature of satan. In actual fact, there's nothing like the '*Adamic*' nature; what is called Adamic nature is satanic nature. It was originally divine nature but it became satanic nature. When one gets born-again, the satanic nature changes to the divine nature again, and that nature must be allowed to grow.

Nothing will hold power in your life if your understanding is not involved, whether good or bad. Some people who have heard my testimony about when my son gave his life to Christ at the age of four try to get their children born-again at that same age. The fact is that little children can copy each other without understanding what they are doing, and nothing will hold power or have effect in your life as a human being if your understanding is not involved. It is therefore possible for you to have said the sinner's prayer in Sunday school when you were very young without getting born-again because you didn't understand what you were doing.
